## Report of independent public accountants

To the Administrator of the SKF USA Inc.  
Pre-Tax Accumulation of Capital for Employees Plan  
Single Plan A:

We have audited the accompanying statements of net assets available for benefits of the SKF USA Inc. Pre-Tax Accumulation of Capital for Employees Plan Single Plan A (the Plan) as of December 31, 2001 and 2000, and the related statement of changes in net assets available for benefits for the year ended December 31, 2001. These financial statements and the schedule referred to below are the responsibility of the Plan's administrator. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001 and 2000, and the changes in its net assets available for benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**1. Description of plan:**

The following description of the SKF USA Inc. Pre-Tax Accumulation of Capital for Employees Plan Single Plan A (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan that commenced January 1, 1985. It covers all salaried and non-union employees of SKF USA Inc. (the Company) except for those production workers employed in the following locations and are included in the SKF USA Inc. Pre-Tax Accumulation of Capital for Employees Plan Single Plan B: SKF/MRC Colebrook Plant, SKF Plain Bearings Colebrook Plant, MRC Gainesville Plant, Chicago Rawhide Gastonia Plant, SKF and Chicago Rawhide warehouse employees, and, as of January 1, 2000, salaried exempt employees of Russell T. Gilman, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 31, 2001, the balances of the Gilman salaried employees of the SKF USA Inc. Defined Contribution Retirement Plan were transferred into this plan and are shown as asset transfers from other Plan sponsor qualified plans in the statement of changes in net assets available for benefits for the year ended December 31, 2001.

**Contributions**

Each year, participants may contribute 2 percent to 15 percent of pre-tax annual compensation, as defined by the Plan. Participants may also transfer amounts representing eligible distributions from other qualified plans. The Company matches 50 percent on the first 6 percent of employee contributions. Contributions are subject to certain limitations.

**Participant accounts**

Each participant account is credited with the participant's contribution, the participant's share of the Company's contribution, and an allocation of plan earnings, which is based on the participant's account balance.

**Vesting**

Participants are immediately 100 percent vested in their voluntary contributions, Company contributions and actual earnings thereon. Gilman participants are

immediately 100 percent vested in their voluntary contributions and earnings thereon, and in post January 1, 2001 Company contributions, and actual earnings thereon. Gilman pre January 1, 2001 Company contributions and actual earnings thereon are subject to graduated vesting with 100 percent vesting after 7 years of service.

### **Investment options**

Contributions to the Plan are directed, at the participant's option, to any of the following investments:

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and may impact the amounts reported in the statements of net assets available for benefits.

The following table represents the market value of investments that are greater than five percent of net assets at December 31, 2001 and 2000:

	2001	2000
Vanguard Retirement Savings Trust	\$ 24,450,122	\$ 22,330,978

### **Payment of benefits**

The Plan provides that under certain restricted conditions, participants may withdraw their account balance or portion thereof without penalty.

### **Loans subject to certain limitations**

Participants may borrow funds from their accounts up to 50 percent of their balance or \$50,000, whichever is lower. A fixed rate of interest, determined at First Union National Bank's prime rate of interest plus 1 percent (ranging from 5.75 percent to 10.5 percent at December 31, 2001 and 7 percent to 10.5 percent at December 31, 2000) is established at the time of the loan and interest payments are credited to the participant's account when received.

### **Administration of the plan**

The Company has been designated as the Plan Administrator of the Plan for ERISA purposes. The Board of Directors of the Company has appointed the Vanguard Fiduciary Trust Company to manage the assets of the Plan and provide certain record keeping services.

The Company pays all administrative expenses of the Plan, except for individual loan fees which are paid by the participant obtaining the loan.

## **2. Unrealized/realized losses:**

Net realized/unrealized (losses)/gains on investments consist of the following:

Registered investment companies	\$ (13,251,152)
AB SKF ADR Fund	<u>592,258</u>
	<u>\$ (12,658,894)</u>

### **3. Summary of significant accounting policies:**

#### **Basis of accounting**

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with the American Institute of Certified Public Accountants (AICPA) Audit Guide, "Audits of Employee Benefit Plans."

#### **Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

#### **Investment valuation and income recognition**

The Plan's investments are stated at fair value with the exception of The Vanguard Retirement Trust Fund. The Vanguard Retirement Trust Fund is carried at contract value which represents contributions made plus interest accrued at the contract rate. However, Plan Management, and The Vanguard Group, the plan manager, believe that the fair value of the trust approximates contract value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The AB SKF ADR Fund is valued based on the quoted market price of the ADR's of AB SKF unrestricted "B" stock. Loans to participants are valued at cost, which approximates fair value. Income is recorded on the accrual basis.

#### **Contributions**

Employee contributions are recorded in the period during which the Company makes payroll deductions from the Plan participant's earnings. Company matching contributions are recorded in the same period.

#### **Payment of benefit**

Benefits are recorded when paid.

### **4. Plan termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain fully vested in their accounts and distributions occur pursuant to the Plan document.

### **5. Federal income taxes:**

The Internal Revenue Service has determined and informed the Company by a letter dated March 13, 2001, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the IRC). The Plan has not been amended since receiving the determination letter. Management believes the plan continues to be designed and operated in accordance with the IRC. As a result, the Plan is qualified and the Trust is exempt from taxes.

**6. Related party:**

Certain Plan investments are shares of mutual funds managed by the Vanguard Group. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interests. In addition, the Plan invests in AB SKF ADRs.
